("MUGC") in its Independent Auditors' Report in respect of the Company's audited financial statements for the financial year ended 30 September 2025 ("FS 2025").

Pursuant to Paragraph 9.19 (37) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, the description of the MUGC is as follows:

"We draw attention to Note 1(c) to the financial statements, which disclosed that the Group and the Company recorded accumulated losses of RM68,176,732 and RM70,359,236 respectively during the financial year ended 30 September 2025 and, as of that date, the Group's and the Company's current liabilities exceeded their current assets by RM24,481,090 and RM41,964,038 respectively, thereby indicating the existence of a material uncertainty which may cast significant doubt about the Group's and the Company's ability to continue as going concerns.

The ability of the Group and the Company to continue as a going concern is dependent on its ability to continue generate positive future cash flows and having sufficient banking credit facilities to meet its obligations and liabilities as and when they fall due. Our opinion is not modified in respect of this matter"

The reference to Note 1(c) of the FS 2025 is reproduced below:-

"BASIS OF PREPARATION

The financial statements of the Group and the Company have been prepared on a going concern basis, notwithstanding that the Group and the Company recorded accumulated losses of RM68,176,732 and RM70,359,236 respectively during the financial year ended 30 September 2025 and, as of that date, the Group's and the Company's current liabilities exceeded their current assets by RM24,481,090 and RM41,964,038 respectively, thereby indicating the existence of a material uncertainty which may cast significant doubt about the Group's and the Company's ability to continue as going concerns.

The ability of the Group and the Company to continue as a going concern is dependent on its ability to continue generate positive future cash flows and having sufficient banking credit facilities to meet its obligations and liabilities as and when they fall due. Our opinion is not modified in respect of this matter.

3. The following are the Key Audit Matters as reported in the Independent Auditors' Report of the FS 2025:-

(I) Revenue from fire truck sales and related maintenance services

(Refer to Note 2(k) Material accounting policies information - Revenue and other income and Note 3 - Revenue)

For the financial year ended 30 September 2025, the Group's revenue from the design, manufacture and sales of various types of specialised mobility vehicles, and firefighting and safety vehicles in addition to the providing of servicing, maintenance, and warranty services amounted to RM39 million. These contracts comprise of sale of firefighting truck and provision of maintenance services which contain one or more performance obligations and span more than one accounting period.

We identified revenue from the contract as areas requiring audit focus as significant management judgement and estimates are involved, particularly in the following areas:

- (a) in determining whether sale of firefighting truck and provision of maintenance services should be considered as one performance obligation; and
- (b) in respect of the maintenance services where revenue is recognised over time, estimates made by the management is required to estimate the standalone selling price of the maintenance services and allocate the transaction price accordingly. This includes estimating the appropriate proportion of revenue to be recognised over the maintenance service period, taking into account factors such as expected service costs, and the nature and level of ongoing support provided.

Our audit procedures included:

- Reading the relevant contracts to obtain an understanding of the specific terms and conditions impacting revenue recognition, including the pricing structure for the firefighting truck and the maintenance

- services, the duration of the maintenance period, and any bundled-service arrangements, in evaluating management's identification and assessment of the performance obligations;
- Obtaining an understanding of the relevant internal controls over the accuracy and timing of revenue recognised in the financial statements, including controls related to the determination of standalone selling prices, allocation of the transaction price, and the monitoring of fulfilment of maintenance service obligations over the contract period;
- Reviewing the appropriateness and adequacy of the disclosures in the financial statements.

(II) Ongoing Material Litigations

(Refer to Notes 32 to the financial statements)

On 10 August 2022, CME was served with the sealed cause papers from an application by a creditor to place the Company under judicial management ("Creditor's JM Application") from Desa Tiasa Sdn. Bhd. ("Desa Tiasa"). Under the Companies Act 2016, all legal proceedings against the Company including winding-up petitions are stayed until the disposal of the Creditor's JM Application.

In view of the judicial management application, the matter is fixed for Case Management on 30 January 2026 for parties to update Court on the status of the application.

We focused on this area because significant judgements are made by the Directors in respect of the current litigation of the Company in estimating the possibility of an outflow of resources embodying economic benefits.

Our audit procedures included:

- Obtaining solicitors' confirmation letter from the Group's solicitors;
- Holding discussions with the Group's solicitors to obtain clarification and understanding of the legal opinion provided in the solicitors' confirmation;
- Performing a review of legal correspondence letters;
- Performing a review of and holding discussions with the management regarding the reasonableness of the assumptions made; and
- Reviewing the appropriateness and adequacy of the disclosures in the financial statements.

In relation to the above, the Board wishes to advise on the followings:

- (a) The Independent Auditors have expressed unqualified opinion on the FS 2025 and that their opinion is not modified in respect of the MUGC;
- (b) The Group and the Company have implemented certain measures which are currently in progress, amongst which,
 - Implement measures to strengthen the production team performance ensuring productive and effective production method such as streamlined duplicated functions within the manufacturing group and replaced and modernized the production facilities;
 - Manage the costing of existing projects by constantly reviews the pricing of the procurement of materials to maintain the profitability and closely monitor the progress to ensure the projects are completed within the contract period;
 - Explore new product ranges and identify potential business opportunities for the Group;
 - Actively participating in the projects tendering to and creating new valued proposition for our client;
 - Obtain financial support and banking facilities from the financial institutions for financing the existing and upcoming projects;
 - Sufficient banking facilities available to the Group should the need arise;
 - Obtaining capital injection from existing shareholders through conversion warrants, and
 - To raise share capital and shareholder value via fund raising exercise.

In addition, the Group have shareholders' equity of RM56,253,000 for year ended 31 December 2025. Based on the above, the directors of the Company are in the opinion that the financial position of the Group would be further strengthened to address any significant doubt on the Group's and the Company's ability in their use of going concern assumption, and accordingly, realise their assets and discharge their liabilities in the normal course of business.

The Global and Malaysia's economy continue to remain vulnerable to challenges such as inflationary pressures and geopolitical tension. The volatility in Ringgit as well as pressure on operating cost continue to pose a challenge for the Group.
